

When the belly is on fire from Acid Reflux & Peptic Ulcer Disorders, soothing relief comes in the form of a SAFE natural alternative

A1+ULSAcare

It is a combination of 4 traditionally used herbs in India for providing prompt and prolonged soothing relief from heartburn associated with Acid Reflux Disorders/Peptic Ulcer Diseases. Further, a clinical trial was conducted to reveal a significant improvement in signs and symptoms of ARD/PUD.

How A1+ULSAcare Works

Benefits/Pharmacological action of each herb:

1. Amalaki (*Emblca Officinalis*) :

Anti-secretory, anti-ulcerant and cyto-protective properties¹. Enhances mucin secretion, cellular mucus and viability of mucosal cells²

2. Guduchi (*Tinospora Cordifolia*) :

Immuno-modulatory, adaptogenic (anti-stress)³ and anti-ulcerant

3. Natural Calcium (*Conch Shell*) :

Significantly reduces ulcer index⁶ & hyperacidity

4. Neem (*Azadirachta Indica*) :

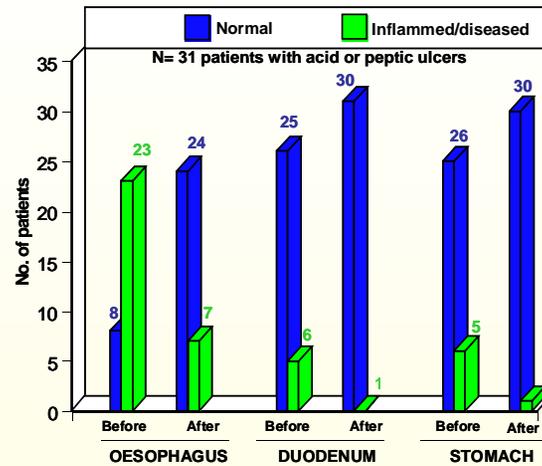

Significantly inhibits gastric ulceration especially that caused by NSAIDs⁴. Inhibits H⁺ - K⁺ -ATP ase activity⁵.

Clinical Trial

An open, non-comparative study was done to evaluate efficacy and safety of A1+ULSAcare with placebo in patients with Acid Reflux Disorders. A1+ULSAcare was administered orally as monotherapy. The patients were usually not allowed to take any other drugs like antacids/ H2 receptor antagonists, proton pump inhibitors.

Overall patient response to A1+ULSAcare with ARD

Clinical Trial Details:

- ♦ Trial was completed in 31 patients.
- ♦ The detailed clinical history and examinations were carried out at base line and at every follow-up visit (once every 15 days).
- ♦ Efficacy variables: Signs and symptoms such as epi-gastric pain, nausea, vomiting, heartburn, flatulence & abdominal discomfort were evaluated and compared at baseline and subsequent follow-up visits.
- ♦ Endoscopic examination & all safety blood investigations were performed and compared at baseline and at the end of treatment.

Results:

The Clinical Global Impression (CGI) (signs and symptoms) was excellent in 27 (87.1%) and good in 4 (12.9%) patients at the end of the trial treatment. A1+ULSAcare was significantly effective for alleviation or amelioration of symptoms within two weeks of treatment that the CGI continuously improved with subsequent follow-up visits. Complete symptomatic relief from epi-gastric pain, dyspepsia was observed. Endoscopically visible healing of the mucosal injuries/erosions/ulcers.

Safety:

Well tolerated, no adverse events observed.

A1 HERBAL
Stay Healthy ... Naturally!

About A1 HERBAL:

At A1 HERBAL, we strongly believe in Ayurvedic way of life. Ayurved (Alternative Medicine) treats the human body as a whole - and does not focus on specific physical or physiological symptoms alone. It stresses on the importance of a holistic approach to life over short term quick-fix solutions.

We offer a range of quality dietary supplements, nutritional and personal care products for a healthy lifestyle.

Our products are:

- ✓ Backed by years of Research & Development.
- ✓ Made of quality natural ingredients and herbs.
- ✓ 100% safe with no known side effects.
- ✓ Manufactured at modern ISO 9001:2000 & GMP approved facilities.
- ✓ Independently tested and certified at govt. approved labs for Microbial and Heavy Metal contamination.

Dr. Suresh Chaturvedi:

The formula for A1+ULSAcare was developed by Dr. Suresh Chaturvedi for a leading pharmaceutical company in India. He is an eminent practitioner of Ayurved, an internationally reputed figure in the field of alternative medicine with over 50 years of experience. He is the recipient of one of India's highest civilian awards - the PADMASHREE for his relentless work and dedicated service in the field of herbal medicine.
